

Abercrombie & Kent

THE WORLD OF A&K | 2010

The rewards of travel.

We at Abercrombie & Kent regard travel as a calling that stimulates the mind and nourishes the spirit. Whether we travel with family or simply others who share our curiosity about the world; whether we travel to mark a milestone or to experience one; like you, we expect to return from a journey transformed. A&K is dedicated to offering this reward on every journey we operate, and no one does it better.

Yet there is perhaps a greater reward: the satisfaction of contributing to the places you visit. In conjunction with Abercrombie & Kent Philanthropy, we have added opportunities for you to visit projects dedicated to habitat preservation and community development.

The true rewards of travel are intangible: discovering a new destination at its most authentic, and helping to improve the lives of the people you visit. Let us make your next journey the most rewarding you ever take.

Make a difference on your journey.

Abercrombie & Kent Philanthropy (AKP) is a nonprofit organization with 25 years of dedication to preserving and aiding the world's habitats, wildlife and indigenous peoples. Working through A&K's global offices under the direction of A&K Vice Chairman Jorie Butler Kent, AKP sponsors proven grassroots projects that benefit local habitats and communities in 27 countries.

Philanthropic Visits

Abercrombie & Kent has tailored many traditional departures to include visits to AKP projects, allowing you to combine philanthropy with your destination's sightseeing and activities.

Tailor Made Travel

If you plan to travel independently, A&K can arrange for you to participate in philanthropic activities at your destination. Speak to your travel professional or an A&K Destination Specialist.

Philanthropic Journeys

A&K has created specially designed Philanthropic Journeys exclusively focused on visits to humanitarian and ecological projects in Africa, Asia and Antarctica.

Current Abercrombie & Kent Philanthropy efforts include 50 active projects, such as:

- Combating deforestation in Africa by planting more than 30,000 native trees, many personally planted by A&K guests
- Swiftly mobilizing to aid the victims of Cyclone Nargis in Myanmar in 2008 with an initial donation of \$10,000, before going on to raise more than \$250,000 in 30 days to deliver the first shipments of food and clothing to devastated areas
- Aiding the children of Amman, Jordan, by repairing and supplying the dilapidated Balquees School
- Delivering health care and education to poverty-stricken children in Peru through a local foundation, Children of the Rainbow
- Sponsoring students at the Deepalaya School in Delhi, a school dedicated to aiding destitute and handicapped children
- Buying and rehabilitating degraded rainforest land adjacent to Daintree Rainforest in Queensland

Select A&K journeys (marked with a  icon in this brochure) include opportunities for travellers to personally experience these projects.

We are proud to share with A&K travellers the opportunity to visit these efforts, observing our work firsthand and directly helping local people and their environment. Learn more about the projects we support by visiting akphilanthropy.org.

OFF THE BEATEN PATH

Explorer Series journeys appeal to travellers with a broad streak of adventure in their makeup – and an urge to opt out of the 21st century for a couple of weeks.

Venture to remote, unexplored destinations — places that are usually off-limits to all but the most intrepid. A&K has found unique (and comfortable) indigenous transport and overnight arrangements available in these little-visited corners of the globe.

Don't come expecting five-star hotels ... but don't expect to be uncomfortable when it's possible to be otherwise.

The Explorer Series

Rugged adventure travel with small groups (of 10 to 16 people) in untouched destinations

- Emphasis on exotic, often difficult-to-reach destinations
- Fully escorted by an A&K Tour Director, often specially trained for remote adventuring and destinations
- Most meals included; some prepared by your expedition cook
- Best accommodations available in these remote destinations

Travel in the Best Company

Escorted Family Holidays are designed with the family in mind. They take place over school breaks and include many three-night stays to minimize packing and unpacking. Selected departures are accompanied by a Children's Activity Coordinator; all departures include age-appropriate activities.

Discover the World on Your Own – Together

Tailor Made Family Travel allows you to come and go as you like, choosing only the destinations you long to experience together. We are happy to work with you to create your ideal private Family Holiday.

For Young Travellers, the World Awaits

ADVENTURE CRUISING

Join us for an amazing journey aboard our adventure cruisers and experience once-in-a-lifetime journeys to the Galápagos or Antarctica.

An adventure cruise immerses you in the exotic and the unspoiled, calling at ports too remote for larger cruise ships. With a small crew-to-passenger ratio, service is much more personalized and attentive, resulting in a perfect balance of exploration and comfort.

Adventure cruising is the best way to visit the Galápagos and Antarctica. Lying about 600 miles off the coast of Ecuador, the Galápagos islands offer an amazing variety of wildlife sure to please nature lovers. Set foot ashore and come face to face with iguana, blue-footed booby and century-old tortoise, or kayak amid sea lion and dolphin in the waters surrounding this astoundingly biodiverse archipelago.

Antarctica is just as diverse, teeming with wildlife and striking panoramas. The White Continent has captured the imagination of explorers and adventure-seekers since its discovery in 1820, and a cruise to Antarctica (with visits to South Georgia and Falkland islands) reveals magnificent landscapes, pristine glaciers, an abundance of fascinating marine animals and birdlife, and environmental conservation efforts to preserve this rare habitat.

EXTREME ADVENTURES

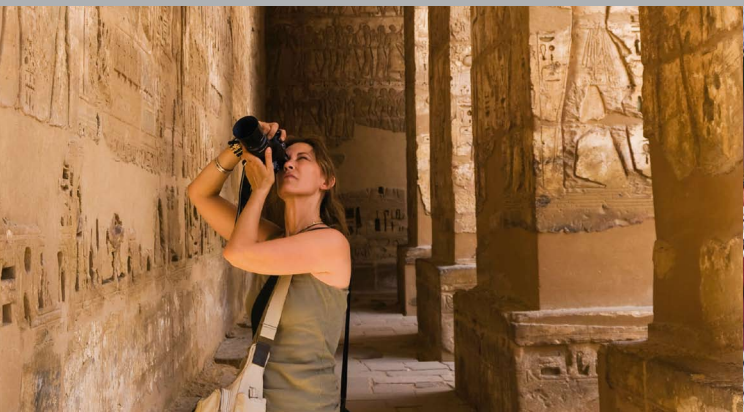

Defying expectations has always been a hallmark of Abercrombie & Kent travel. With Extreme Adventures, A&K once again finds itself pushing the envelope – beginning our expeditions where others end.

Our 15 Extreme Adventures reveal the world at its most uncompromising. Cross 70 miles of Antarctic plains to reach the South Pole ... on cross country skis. Encounter Africa's iconic wildlife on horseback in the Okavango Delta. Dive with whale sharks in tropical Belize or track polar bears above the Arctic Circle. Test your ability to persevere in harsh conditions, gaining new insight into the power of nature and your ability to overcome it.

Throughout your journey you are accompanied by Extreme Adventures guides who are experienced, well-educated and supremely qualified. They have mastered the necessary bush and survival skills and are sensitive to human capabilities and limitations. But they are also good company who will keep you motivated in tough conditions. They will make the most out of your expedition, which will bring out the best in you.

See page 72 for complete itineraries.

JOURNEYS FOR WOMEN

Abercrombie & Kent's Journeys for Women offer an opportunity to discover the world's most remarkable destinations in the company of other women, experiencing sightseeing and activities presented from a woman's perspective.

A mother-daughter bonding experience. A reunion with a sister or a long-missed friend. A welcoming environment for the solo traveller. It is this type of experience that makes Journeys for Women so rewarding.

Journeys include the major attractions of a destination, in addition to specially arranged visits, sightseeing opportunities highlighting women's issues and prominent women guest speakers. Programs span the globe, and the insider-access opportunities are on a grand scale. For example, you can learn about Thai textiles in a workshop in Chiang Mai or enjoy a private dinner with a renowned art collector in New Delhi. Explore historic sites, from the Female Warriors in Xian to the Palace of Versailles, in the company of female guides who illuminate these destinations from a new point of view.

Adventure Cruising Aboard MV 'Eclipse'

Large enough to travel the Pacific Ocean in comfort and safety, yet small enough to dock at remote ports and negotiate inter-island landings with agility, 'Eclipse' is the perfect size for an adventure cruise to the Galápagos. While most ships carry an average of 80 to 100 passengers to the Galápagos Islands, 'Eclipse' hosts 48 guests in 26 spacious staterooms, all with outside sea views and private air-conditioned facilities.

Itineraries are carefully crafted to introduce A&K guests to these captivating islands and their extraordinary wildlife, viewed at close range from a fleet of inflatable *pangas* (rubber boats) able to land almost anywhere. A maximum of 12 passengers accompanies each naturalist guide on the twice-daily shore excursions that may include a *panga* ride to view the many sea birds, snorkeling off a pristine beach in crystal blue waters or a walk along the shoreline to see the many marine iguana and tidal pools.

Add the vessel's eco-friendly operating standards — 'Eclipse' complies with all current SOLAS (Safety Of Life At Sea) and ISM (International Safety Management) regulations — and we believe she's simply the best travel choice in the Galápagos today.

CANAL & RIVER CRUISING

Canal & River Cruising

A journey aboard one of the small boats that plies Europe's rivers and rural canals is one of the most relaxing ways possible to enjoy Europe. While your barge travels, you simply sit back and enjoy the ride (and the incredible meals). Escorted sightseeing offers you an in-depth look at the local history and culture. Or, if you prefer, take advantage of the optional activities that are part and parcel of the barging experience, like towpath cycling or hot air ballooning.

Canal cruises offer leisurely travel in rural regions filled with often-overlooked treasures; river cruises cover greater distances more quickly. Both offer a relaxed on-board atmosphere with attentive personal service.

How many fellow passengers will share your cruise? Barges and river cruisers typically carry between four and 18 passengers — with larger cruisers on major rivers carrying as many as 88 passengers. Many also offer a further level of personalization: hotel or charter sailings.

On hotel sailings, solo travellers or couples can enter into the camaraderie of a shared travel experience, making new friends along the way. On charter sailings, all cabins on board are reserved for the exclusive use of the chartering party, which may be a family or group of friends travelling together.
