**TOURISM AND POLITICS - CONSEQUENCES FOR TOURISM
MANAGEMENT IN THE XXI. CENTURY**

"Westerners have had their decades of fun. Now the rest of the world wants a turn."

The next revolution in tourism

- Further increase of necessity of cooperation between private and public partners
- Danger of more critical view on tourism by Western world public as tourism stops being an exclusively European/North American activity
- Increased privatization of leisure spilling over into tourism
- A global "Kurtaxe"?
